***FOR IMMEDIATE RELEASE***

## **Peter J. Huinker of SEC Group, Inc. Becomes Certified As LEED Accredited Professional (LEED AP)**

**(October 24, 2008) McHenry, IL** – SEC Group, Inc. is pleased to announce that Peter J. Huinker has received the certification of LEED Accredited Professional (LEED AP) by the U.S. Green Building Council. Mr. Huinker completed his Bachelor of Science Degree in Civil Engineering with Southern Illinois University in Carbondale, Illinois. He is a Registered Professional Engineer in the State of Illinois and has 14 years experience with SEC Group, Inc.

The U.S. Green Building Council created The Leadership in Energy and Environmental Design (LEED) Green Building Rating System™ to establish standards for sustainable green or environmentally friendly building and development practices. A LEED-certified building is lower in operating costs and has an increased asset value, reduces waste sent to landfills, conserves energy and water, is healthier and safer for occupants and reduces harmful greenhouse gas emissions. As a LEED AP, Mr. Huinker has distinguished himself as a building professional with the knowledge and skills to successfully head the LEED certification process.

SEC Group, Inc. is an award-winning firm providing public and private clients with civil, structural, transportation, water and wastewater engineering, construction observation, land surveying, land development, master planning and landscape architecture. SEC Group, Inc. serves clients from offices in Chicago, McHenry, New Lenox, and Yorkville, Illinois.
