

# IEPA could have money for you!

The American Recovery and Reinvestment Act of 2009 includes significant funding for two State Revolving Fund loan programs currently administered by the Illinois Environmental Protection Agency (IEPA), **Water Pollution Control Loan Program (WPCLP)**, providing assistance for wastewater projects and the **Public Water Supply Loan Program (PWSLP)**, providing assistance for drinking water projects.

These amounts will yield approximately:  
**\$177.2 million** for wastewater projects and  
**\$79.5 million** for drinking water projects in Illinois.
